

# *LEAF IT TO FLORIDA-SPECTRUM...*

FLORIDA-SPECTRUM ENVIRONMENTAL SERVICES, INC.

**WE ARE PROUD TO ANNOUNCE OUR COLORS ARE CHANGING...**

**As Fall has arrived, it is your Season for Change.**

**Leaf it to Florida-Spectrum for all your Analytical needs.**

**We continue to strengthen our relationship and our position as a significant laboratory service provider in the South Florida market.**

**All you need to do is give us a try... Wave your wand and hop a broomstick on over to Florida-Spectrum for your very own magical adventure!**

**When the winds are high and the power goes out; Florida-Spectrum's lights are always green. With our new 70KW Generator powered by a Ford V10, Natural Gas and environmentally friendly. We are ready for every Season of Change.**

**The Florida Environmental relationship delivers quality and service you can count on.**

**Ultimately, that is the best guarantee we can offer. Our clients come first.**

**Commitment to project success is implicit in everything we do.**

**Our objective is to exceed client expectations.**

**We are your partner!**
